## [New York City Hotel Deals](#)

There are hundreds of hotels to spend the night at in New York, New York. In fact, there are so many [Manhattan hotels](#) that it can be hard to know which one to pick for your visit to the "greatest city in the world." So I'm sharing this article which highlights five cool hotels in NY, NY to help you find what you make the right choice.

[The Omni Berkshire Place Hotel](#) has a wonderful location just a short walk to the Rockefeller Center. It has very positive reviews as would be expected for a four star luxury hotel like Omni Berkshire Place. But it's not the place to stay if you are looking for a discount because a Friday or Saturday night reservation this summer will cost you over \$400. If you are one of those people that must bring their "best friend" with them on vacation then you'll be happy to find out that this hotel is pet friendly.

The Four Seasons Hotel on 57th Street is a fantastic luxury hotel that has rooms with views of Central Park. This is an exceptionally fancy five star hotel. So fancy that it makes Omni Berkshire Place look like a cheap hotel by comparison! For a room here you will spend close to \$1000 each night.

Greenwich Hotel is located in Greenwich Village and it's a cool place to spend the night for knowledgeable travelers who are looking to stay in one of the most interesting parts of Manhattan. This is quite a popular hotel so reservations should be made quickly if you want to secure your room.

If you can't afford to spend a fortune on a room but you would still like to stay at a nice hotel in a good location in Manhattan then you should consider making reservations at the Best Western with a "Presidential" theme near Times Square! Don't get me wrong, it is definitely not too cheap but by New York City standards less than \$250/room is thought to be "a discount."

The Gershwin Hotel located at 7 East 27th Street is great for young bohemian types who like the idea of spending the night in a dorm style hotel and who are very poor. The cost to stay at the Gershwin Hotel is extremely low but you don't get your own space. This is not right for those who need private space.

Regardless of which hotel you make your online reservations at, you should really consider ordering a [New York Pass](#) because it saves a ton of money and time when it comes to NYC tourist activities such as the Brooklyn Children Museum.
