[Omni Berkshire Place](#) is a wonderful hotel located in the heart of Manhattan. It has many cool features like multilingual, laundry service, in room movies, meeting rooms, parking, a restaurant, babysitting, and its even pet friendly too.

But its a great place to stay not just because of how great the hotel itself is but because of its location which puts its guests within close walking distance of so many great things to do and see.

Im a big fan of just strolling the streets of New York in general. Even without a destination in mind it can be a cool experience because theres so much going on and so much to see. But its nice that this hotel is very close to so many cool things.

If your thing is shopping then you are going to be pleased because this hotel is less than a block from the famous shopping of 5th Avenue. There is many fabulous stores you can check out on 5th Avenue like Saks Fifth Avenue, FAO Schwarz, Cartier, Gucci, Kenneth Cole, and Ferragamo Women.

The enormous 22 acre Rockefeller Center is just a short walk away. NBC has their headquarters here! Television shows like SNL and Last Call with Carson Daly are filmed here. It also includes Radio City Music Hall where you can see some fabulous shows. Check the venue website to see who will be playing there during your visit. I was lucky enough to see Radiohead perform there in 1998.

The famous ice skating rink that you have definitely seen on television and in movies is also located in Rockefeller Center. Its neat to see something in living color after having seen it so many times on the screen.

St. Patricks Cathedral is another neat thing to see because its remarkable looking! The 19th century architecture is truly stunning!
