Tropical Holidays That Are Really Taking Off

It is common knowledge that Euro hot spots like France and Italy will always be favoured by UK holiday makers, Nice and the Costa Blanca see millions of pale-skinned limeys grace their shores every year, squabbling over sun-beds with the Germans and flaunting their beer bellies drinking bottles of lager. Tropical destinations, the definition of which is anywhere located in the tropics, areas of land either side of the equator, are becoming more and more popular however since the pound seems to have permanently weakened against the Euro. Here are the top three current destinations for UK and Irish Holiday makers.

1.Barbados

In island paradise located in the Caribbean arpeggio, it boasts miles of unspoiled white beaches and clear blue sea. Barbados you can be as lazy or as enthusiastic as you please , may choose to simply fry in the sun for 2 weeks, but there are tones of great experiences to be had on [Barbados Holidays](#) like jet-skiing and sea fishing.

2. The Maldives

Another arrangement of islands located in the middle of Indian Ocean, the Maldives might seem similar to Barbados at first glance, the culture and values however are worlds apart, taking strong religious and cultural values from the Asian continent. Not as laid back as the Barbadian, the inhabits are attentive and make your every wish their command. A True paradise.

3. Egypt

This north African territories' close proximity to Europe means that it is cheap to travel to. Egypts' long history is a big draw for many tourists who arrive in their droves to view the stunning pyramids. The Sharm El Sheik resort is becoming very popular for [all inclusive holidays](#) with those looking for an alternative to Spain.

So there you go, a few new holiday ideas that will make a change from going to Malaga for the 10th year in a row [holidays](#). Sell up those Euros and get packing!
